2021
GEORGE'S PINOT NOIR

APPEARANCE
Rose red with a slight pink hue.

AROMA
The wine is beautifully perfumed, with lifted sweet spice and whole bunch characters. Complex and layered, showing earthy and savoury characters, which mark the contribution made by the whole bunches used during fermentation.

PALATE
A lovely lightness, where the wine dances across the palate and finishes fresh and lifted. The tannins sit more in the background, just enough to add texture and structure and keep the wine composed.

TECHNICAL ANALYSIS
pH: 3.62
Acidity: 6.2 g/L

REGION
The Georges Vineyard is situated in Seville East, approximately 180 meters in altitude, featuring grey soils on a north facing slop. Clones 777 & 114/115. These cooler sub regions of the Yarra Valley are perfect for making lifted and delicate Pinot Noirs.
