NOCTON VINEYARD

nocton vineyard

2023
estate chardonnay

PALATE

A youthful, vibrant and modern expression of the variety, our chardonnay is loaded with those classic cool climate characteristics, lemon and well balanced stone fruit with great length.

CELLARING

Enjoy now, or cellar for a few years.

REGION

With the first vines planted in 1973, the Coal River Valley in southern Tasmania has become firmly established among discerning palates as one of Australia's most prestigious cool climate wine regions. As one of the most significant vineyard sites in the valley, we're proud to be part of this tradition.
