MARGARET RIVER

FIVE TALES

COLOUR
Vibrant pale watermelon pale pink

NOSE
Rich sour cherry and plums. Lifted vibrant black cherry characters.

PALATE
Bright fruit screams on the palate. Sour cherry and juby berries with a rich savoury salivating texture allow the palate to grow. Powdery phenolic adds to the acid line to add length and depth to the finish.

WINEMAKING
Our Merlot was handled to minimise colour pickup. Once the ferment was complete, we lees stirred the wines to add depth to the palate. Keeping things simple to express the true nuances of the bright savoury rose.

VINTAGE NOTES
The growing season started for vintage 2022 cool and wet. This gave plentiful ground moisture for the vines to thrive, but the cooler weather slowed the growth in some varieties. Come summer did things heat up! This pushed the vines along. The sheer number of days of extreme heat was challenging for the region to manage. Vintage 2022 started a little later than expected but that just compressed the white vintage, it came hard and fast. Balancing grape ripeness and keeping things fresh was the key.
