CULLEN WINES
WILYABRUP & MARGARET RIVER

2019 Full Moon Fruit Day Vanya

"Cullen Vineyard, with its land, vines, wines and people... is my life's work. Over the 5 decades of working at Cullen the love for Cabernet Sauvignon has deepened. Planted in 1971, it is the heart and soul of what we do at Cullen."

100% cabernet sauvignon and hand harvested under the full Moon on a fruit day, and Holi Day - the Hindu festival of colour.

The fruit was sorted, destemmed, and fermented on skins for 10 days, then pressed into new barriques for 6 months. This wine is grown on certified biodynamic, carbon positive soils, and is a perfect expression of the purity of cabernet sauvignon.

COLOUR

Brick red with purple hues
