TASTING NOTE

Pinot Bianco is in the Pinot Grigio and Pinot Noir family and produces a delicious and textural wine, with richness and lovely lingering fruit.

Full of almond and a hint of spice on the nose, the palate shows apple, stone fruit and mineral undertones. Five months in large format old oak has created a complex and beguiling style that is ready to delight now or anytime over the next 4 to 5 years.

REVIEW

Juicy, fresh and vital, pinot bianco brings a lively energy to the glass. Easy to get to know, it asks for a light chill down before revealing a lemon Fruit Tingle/pastille character mixed with a lively bunch of summer fruits that include white peach, pear, ruby grapefruit and apple. But it is the spice that so attracts and energises the palate in league with zippy, lemony acidity. The lightly textural middle palate is your trigger for a food match, maybe barbecue fish?. — **Jeni Port - Halliday Wine Companion, May 2026 - 92 Points**
