Vineyards
A single vineyard in the Wilyabrup sub-region of Margaret River is sourced for this wine. This vineyard consistently produces perfectly balanced parcels of Cabernet Sauvignon, Malbec and Petit Verdot. The site is completely dry grown on gravel loam soils and the quality of the site is reflected in its ability to grow healthy well balanced canopies and ultimately grapes.

Season
The 2015 season delivered beautifully balanced wines. Mild to warm conditions over the ripening period ensured flavours came through at low sugar levels and had crisp acidity. Yields where lower this year due to inclement weather during flowering earlier in the growing season

Winemaking
Hand-picked fruit is crushed and destemmed to Static Fermenters. Ferments are maintained at cool temperatures with minimal pump overs, to ensure delicate extraction of flavours and colour. The wine is on skins for up to one month and then pressed off to a mix of French oak barrels - forty percent in new and the remainder into second and third use oak for two years barrel maturation.
