GSM

BAROSSA

Always picked on the cusp of ripeness with some whole-bunches retained during the fermentation. The Grenache component can be sourced from up to four different vineyards across the Barossa, all aged between 50 & 80 years old. The shiraz component is a blend of Eden Valley vineyards and the Mataro is sourced from a dry-grown vineyard on Mengler's Hill in the Eden Valley. Each varietal component is fermented separately, resulting in more fruit definition, purity and accessibility.

'HEAD RED' wines are produced with balance and drinkability in mind without sacrificing true Barossan character. Bottled unfined under Stelvin capsule.
Alex Head

RAINFALL:	321ml (April 19-March 20 avg. 471ml)
VINEYARD:	Krondorf, Ebenezer, Eden Valley township, Moculta and Mengler's Hill at 280-480m elevation Farmed sustainably with organic principles
