AMELIA PARK
[WINES]

2022
AMELIA PARK
SEMILLON SAUVIGNON BLANC

Varieties
Semillon 60%, Sauvignon Blanc 40%

Region
Margaret River

Vineyards
100% Wilyabrup sub-region.

Season
Leading into 2022 we saw a cold wet winter, followed by a cool spring which resulted in good flowering and fruit set. The back end of the year warmed up and we then saw consistently warm, dry conditions which resulted in great vine growth and berry development. The fruit harvested showed beautiful flavour, balance and ripeness.

Harvest Date
February/March 2022

Winemaking
Machine harvesting during the cool of the night in order to maintain optimal fruit integrity. The grapes are pressed under cool gentle conditions. A portion of the juice is left with solids and sent to stainless steel barrels and completes wild fermentation. The rest is fermented at 12-13 degrees in tank to preserve its freshness. Post ferment the wine is blended and prepared for bottling to retain its fresh fruit characters.

Bottling Date
May 2022

Closure
Screwcap

Analysis
Alcohol 12.5% TA 6.8g/l pH 3.2

Cellaring
3 years

Tasting Notes
Complexity has been added, with a small portion of this wine being wild fermented in steel barrels, giving lifted aromatics. The palate and nose are beautifully aligned with lovely tropical fruit salad and lemon blossom notes, finishes with a fine citrus line.

Tradition. Craft. Quality.
