

WILLAMETTE VALLEY
PINOT NOIR 2017

Our Willamette Valley Pinot Noir represents a blend of the finest vineyards in the Willamette Valley and includes grapes from our own estate vineyards, Résonance and Découverte. We work with like-minded wine growers throughout the area who share our commitment to cultivating terroir-driven Pinot Noir. The result is a cuvée that offers an authentic representation of the Willamette Valley AVA.

VINTAGE NOTES

We had a cold and wet winter, then spring brought late flowering (end of June). However the summer was on the warmest , in fact a record for August giving very good condition of maturation. We started the harvest on September 28th with ripe and complex grapes of Pinot noir.

TASTING NOTES

This wine reflects a bright ruby color. The nose is very fresh and fruity with lot of red strawberry and raspberry enhanced by subtle floral and spicy aromas. Elegance and harmony describe precisely the palate. Tannins are present and fine, while the acidity brings a nice freshness, particularly long.
