WHISTLER – NEXT GEN RANGE

Award-Winning. Fun. Drink-Now.

2021 SKELETON IN A TUTU

Pet Nat Rose

TASTING NOTES

The colour of this wine is at the darker end of the spectrum for Rosé. Aromas of redskins, toffee apple and strawberries and cream leap out of the glass. The palate has a berry-like prettiness attributed to the Grenache and a savoury/earthy edge thanks to the Mataro. Bright and bubbly on the finish and will pair perfectly with spicy food and sunshine!

RECOMMENDED CELLARING

Ready to drink now.

FRUIT SOURCE

90% Mataro and 10% Grenache from a single site in Krondorf, Barossa Valley.

WINE MAKING

This wine is made up of the pressings created during the making of our Dry As A Bone Rosé and put to old French oak to go through partial primary (alcoholic) fermentation using only the natural yeast. The wine was hand bottled with about 14g/l of residual sugar. The wine spent the winter and spring ticking through the remaining sugars which creates the natural carbonation in bottle.

TECHNICAL DATA

Alcohol: 10.7% Residual sugar: Mostly Dry, but expect bottle variation, because that's what Pet Nat's about!
