CULLEN WINES
WILYABRUP MARGARET RIVER

2017 Cullen Vineyard Sauvignon Blanc Semillon

As usual, this blend contains a greater volume of Sauvignon Blanc than Semillon, which reflects the outstanding qualities of the fruit produced by the former variety on the Cullen Vineyard. We picked at optimal ripeness with cooler harvest conditions resulting in elegant wines and displaying beautiful fruit purity.

Complexity and completeness have been enhanced through maturing some of the wine in new oak.

BOUQUET

Delightful combination of fresh cut grass, spicy and vanilla oak aromas supported by tropical notes.

PALATE

Vibrant fruit lifted by citrus nuances. Very complex already with lovely stone fruit nuances and toasty characteristics. Barrel fermentation is seamless and playing second role.

A brilliant example of this classic blend.

CELLAR

Enjoy now or for up to 15 years

VINEYARD

100% Cullen Vineyard

VARIETIES
