motley Cru

2020 CENTRAL VICTORIAN SHIRAZ

cherry. blackberry. spice. juicy.

Motley Cru wines are a culmination of nearly four decades in the wine game, from making, distributing, selling, and of course – slurping! They are honest, unpretentious and delicious wines that we have a lot of fun making. We are a small 'motley cru' of wine geeks and music tragics and despite the name we are not prone to glam rock tantrums.

Serving suggestion: Drink with your own motley cru of people.

Fruit was sourced from two sites in Central Victoria. One on the ancient river soils of the Goulburn River, producing rich and vibrant Shiraz fruit, and the other on granite/ironstone soil which adds depth and spice to the final wine.

Machine picked in the cool of the morning to retain the frsh vibrant style of Shiraz we were chasing. Fermentation in tanks, followed by pressing and a short time in oak gives this wine a fruity brightness, with gentle tannins and hints of spicy oak in the background.

Loaded with cherries, blackberries and a pinch of nutmeg this Shiraz is a satisfying choice at this competitive pricepoint. It isn't just a simple glass of juice – it has energy and complexity making perfect with just about anything straight off the bbq.
