

2024 Mountadam

Eden Valley

Gewürztraminer

Sourced from a 1.7 Hectare cane pruned block on the Western Mountadam High Eden sitting at 550m above sea level. This extremely small production of Gewürztraminer is produced only in exceptional vintages.

Harvested using a selected destemming harvester during the early morning of 22<sup>nd</sup> February from the Estates Western vineyard at 12.3 °Be. Treated reductively in the winery with only free run juice with an extraction rate of 550L/T. Cold settled, clear juice was racked clean into stainless steel for cool fermentation. Fermented through to dryness.

Classic Gewürztraminer characters of pretty lychee, delicate rose and citrus fruit with polished Turkish delight. These powerful flavours balanced seamlessly with a zesty quartz acid line and bone dry finish.

Alcohol : 12.5%

Sugar : 0.5g/L G/F

GI: High Eden, Eden Valley

Winemaker: Caitlin Brown

Ph: 0407 725 627
